Fry the Mince

Preheat your oven to 200°C. Bring a large saucepan of **water** up to the boil with 0.5 tsp of **salt** for the pasta. Meanwhile, heat a drizzle of **oil** in a large frying pan on high heat. When hot, add the **beef mince** and cook until browned, 4-5 mins. Break it up with a wooden spoon as it cooks and drain any excess fat from the pan. **IMPORTANT:** *The mince is cooked when no longer pink in the middle.* Season with **salt** and **pepper**.

Cook the Sauce

Meanwhile, trim the **carrot** (no need to peel) and grate on the coarse side of your grater. Add the **penne** to the boiling **water** and cook for 12 mins. When cooked, drain in a colander, pop back in the pan and drizzle with a little **oil** to stop it sticking together. Once browned, add the **carrots** to the **mince**, stir together then add the **tomato purée**. Cook, stirring, for another minute.

Simmer the Sauce

Pour the **finely chopped tomatoes** into the pan with the **mince** along with the **red wine stock sachet** and **water** (see ingredients for amount), bring to the boil, stirring to dissolve the **stock** then reduce the heat and simmer until thick and tomatoey, 10-12 mins. Season to taste with **salt** and **pepper** if needed. **TIP:** *Add a splash of water if you feel it needs it.*

Meanwhile....

Meanwhile, finely chop the **chives** (or snip with scissors if easier!) then get some washing up out of the way!

Bake

Once thickened, stir the **sauce** and **pasta** together along with **half** of the **chives** (use whichever pan is the largest!) and transfer to a large deep ovenproof dish. Drain the **mozzarella** and tear into pieces. Scatter over the top of the **pasta**, then sprinkle over the **hard Italian style cheese**. Bake until the **cheese** is melted and bubbly, 8-10 mins.

Serve

Serve the **penne bake**, sprinkled with the remaining chopped **chives**.

Enjoy!

There may be changes to ingredients in recipes:

Allergens: Always check the packaging of individual products/ingredients for up to date information.

Missing Ingredients: You will be notified by email if an ingredient is missing or replaced, with any potential recipe step changes.
